

- Helps control root disease
- Increases the uptake of fertiliser
- Stimulates microbial activity in soil
- Reduces wilting and heat stress
- Helps plants and soil retain moisture
- Detoxifies various pollutants in soil
- Improves photosynthesis - cloudy weather
- Unique ability to dissolve minerals
- Unlocks nutrients held in the soil

## STIMULIZER

Suitable for all environmentally sensitive areas.

Contains 70 Trace Elements/Minerals. This material is derived from 100% natural complex organic compounds ingredients incl. "Fulvates" It is an immediately available form of food, both to the plant, and the beneficial microbes, where good microbes proliferate and the bad microbes simply disappear

Arguably Stimulizer™ is the most valuable input to creating a healthy well-balanced soil and growing medium for plants to thrive in.

SHAKE WELL BEFORE USE

20 Litres
